Wailea, Maui (November 20, 2006) – The Spa at Four Seasons Resort Maui at Wailea has been named the number one hotel spa in the United States by the world-renowned Zagat Guide's 2007 Survey of U.S. Hotels, Resorts and Spas.

The Spa at Four Seasons Resort Maui at Wailea's unique island atmosphere and luxurious pampering were selected by the premier travel and restaurant guide on the basis of the experiences of 14,461 frequent travelers and 936 travel professionals who rated and reviewed 1,011 of the best places to stay in the United States, Puerto Rico and the U.S. Virgin Islands

Located in the only hotel in Hawai'i to earn a five-star rating from the Mobil Travel Guide as well as Five Diamonds from AAA, the 21,000 square foot Spa boasts 13 treatment rooms and suites, a tranquil Healing Garden and a 1,000-square-foot fitness center, plus reception, lounge, library and relaxation areas. A unique combination of traditional Hawaiian ingredients and techniques and state-of-the-art spa technology allows guests to immerse themselves in the island's natural restorative power, while exclusive spa partnerships with Kate Somerville Skin Health Experts and Ajne Parfumerie & Apothecary add to the aura of relaxed sophistication at Maui's most elite resort.

Guests can renew and energize themselves with traditional Hawaiian, master Thai, ocean aquacranial and Ayurvedic massage in private treatment rooms or thatched-roof ocean-

side *hales*. Inspired by ancient island practices, the menu includes Hawaiian healing traditions and customs using a wide variety of local products and scents, such as volcanic ash, noni, sea plasma, and exotic fruits and flowers. Specialty energy therapies include Reiki and lesser-known island healing rituals such as *Jin Shin Do*, that allow guests to recharge mind, body and spirit as they take a break from the stresses of daily life.

The extensive spa menu also features Vichy shower treatments, body wraps, lomi pohaku (hot stone massage) and custom body-pampering packages. Poolside, guests can enjoy a convenient “Tapas” Spa Treatment Menu, which allows them to select from a list of popular treatments without advance booking. Fitness options, ranging from yoga classes on the beach at sunrise to Gyrokinesis sessions with a private trainer, complete the total wellness experience at the The Spa at Four Seasons Resort Maui at Wailea.

With its commitment to “renew skin, restore health, and deliver results,” L.A.-based Kate Somerville Skin Health Experts has built a clientele that includes Felicity Huffman, Jessica Alba, Paris Hilton, Sandra Oh and Debra Messing. The Spa offers star-quality treatments including the Kate Somerville Signature Facial, described as the “non-invasive, non-surgical face lift,” the Ultimate Kate Facial and Dermal Quench, a celebrity favorite that promises unparalleled hydration and age defying results. In addition, The Spa is the first place outside of the Kate Somerville Los Angeles Clinic to carry Somerville’s popular skincare line, including the daily treatment Quench, Kate’s best-selling product.

Ajne Parfumerie and Apothecary at the Spa offers guests the ultimate olfactory experience: a private custom fragrance blending session. The Carmel, California-based company uses nearly 300 rare and precious scents to design a personal fragrance uniquely tailored based on lifestyle choices, preferences and fond memories, then hand blends essential oils to create a one-of-a-kind product. Also available is a Demi-Custom Blending, which directs clients to a selection from Ajne’s Prêt à Porter (ready-to-wear) fragrances, a selection of 7 blends representing the body’s chakra points.
